Do-it-yourself is all the rage

Do-it-yourself is the motto and so more and more people are taking up knitting needles and crochet hooks or tailoring their own accessories. The homemade only becomes a favourite piece with the right accessories – and the contemporary specialist trade only becomes the partner of choice if it meets the sophisticated fashion demands of its customers.

A complete assortment is in demand – including applications and ribbons as well as wool and zippers. All that can be delivered quickly and reliably by VENO. We not only complete fashion. But we also complete your offer.
